### **FOGGING FOR MOSQUITOES TO BE CONDUCTED IN ANTIOCH AND BRENTWOOD TOMORROW**

*–Current conditions indicate higher risk for West Nile virus transmission–*

**WHAT/WHY:** Due to the high number of mosquitoes and the detection of West Nile virus in the area, the Contra Costa Mosquito & Vector Control District will be fogging by truck to control adult mosquitoes.

**WHEN:** Wednesday, August 6, 2008. Fogging will take place between dusk (approximately 8:15 p.m.) and midnight, weather permitting.

**WHERE:** Antioch (2 areas) and Brentwood (1 area):

Antioch:

1. Area bordered by Ridgerock Drive and Boulder Drive to the north, Rocky Point Drive and Eagleridge Drive to the east, and Lone Tree Drive to the southwest.
2. Area bordered by Gentrytown Drive to the west, Morton Way and South Francisco Way and Gatter Drive to the north, and G Street to the east; Contra Loma Regional Park and the Contra Costa Canal to the south.

Brentwood:

1. Area bordered by Sand Creek Parkway to the north, Brentwood City limits to the east, 2nd Street and Oak Street to the south, Hwy 4 to the west.

**TREATMENT** will be made with truck-mounted ultra-low-volume equipment using [Pyrenone 25-5 Public Health Insecticide](#) (pyrethrin) applied at a rate of 0.75 ounces per acre.

**ACTION REQUIRED BY RESIDENTS:** None. All products used are registered with the Environmental Protection Agency for the use of controlling mosquitoes and protecting public health.

**MAPS/INFO:** Visit the [District's Web site](#) to see maps of areas to be fogged/sprayed, as well as information on all West Nile virus activity/cases in Contra Costa County.

**MEDIA OPPORTUNITIES:** On the District's Web site's [media page](#).
